

ADIT JAIN

Chairman & Editorial Director
IMA India

A leading commentator on India, its economic and political developments and the key implications for business corporations operating and investing in India.

ADIT JAIN

his profile

Adit Jain has advised the CEOs of many corporations towards the development of their **India strategy**. He has deposed, as an **expert witness**, at commercial litigations in the United States and in **Parliamentary proceedings** in India and Australia. He provides briefings to **Boards** of international corporations in the **US, Europe and Asia** and is a frequent **speaker** at **emerging market** seminars across the world.

Over the years, he has authored over **a thousand articles** and papers in the domain of **politics, international affairs, foreign policy, defence**, the **environment** and **business** practices. He remains editor of IMA's Quarterly Country Report and *CFO Connect* a monthly magazine for the finance executives and is the firm's principal economic commentator.

ADIT JAIN

Connections

Adit regularly chairs business-to-government dialogue with international CEOs as part of IMA's corporate programmes. With his connections with leading policy makers at Federal Government and State level and within India's key institutions, his understanding of how India works is considered second-to-none.

With the eyes of the world looking expectantly at India, Adit helps international businessmen and investors to understand what we should make of the new BJP-led government and its policies to answer the question: is India's finally coming of age?

ADIT JAIN
